

**Agreement  
On  
“2+2” Academic Study Program  
Between**

**Beijing Normal University – Beijing Campus and Colorado State University**

In order to further develop an international academic exchange program for undergraduate students of Beijing Normal University – Beijing Campus, under the framework of “AGREEMENT TO ESTABLISH A PARTNERSHIP BETWEEN BEIJING NORMAL UNIVERSITY – BEIJING CAMPUS AND COLORADO STATE UNIVERSITY”, Beijing Normal University – Beijing Campus (BNU) and Colorado State University (CSU) agree to pursue “2+2” academic program.

**Study Program**

The program accepts outstanding students from Beijing Normal University – Beijing Campus at CSU with the aim of studying at CSU for the number of credits required to complete the degree, with which generally be two or three years until graduation.

The credits obtained by students at Beijing Normal University – Beijing Campus will be allowed to transfer to credits at CSU (generally 60 credits). The corresponding courses for the obtained credits need not be taken repeatedly. Likewise, the credits obtained by students at CSU will be allowed to transfer to credits at Beijing Normal University – Beijing Campus.

According to the requirements of relevant academic programs, the students are expected to earn at least 60 credits at CSU.

Students will be awarded bachelor degrees respectively by both universities while meeting the degree requirements of both universities.

Students will register as degree students at CSU with all rights and privileges of undergraduate students. Students will be subject to the rules and regulation of CSU.

CSU provides each student \$8,000 dollars scholarship each year toward graduation, not to exceed three academic years.

The students need to pay to CSU tuition and fees as international students (tuition goes up slightly year by year). In addition, students must pay to CSU an application fee of \$50 dollars. Other related expenses should be covered by the students including visa fees, food, accommodation, international travel expenses, travel insurance, medical insurance and so on.

To facilitate the process of transferring credits, from Beijing Normal University – Beijing Campus and Colorado State University should provide each other detailed related course descriptions in English.

**Bachelor Degree Program**

CSU will also accept outstanding high school students from the Affiliated High Schools of Beijing Normal University – Beijing Campus who meet CSU admission standards. They are eligible for merit scholarships offered by CSU of up to \$9,000 each year.

**Other Issues**

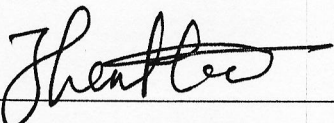

Other issues not set out above will be subject to discussion on both sides.

The agreement shall become effective from the date of the last signature with duration of five years. It may be amended by the mutual consent. It may be terminated by any party of two universities giving three months notice in writing.

Termination of the validity for whole or a part of this agreement shall not affect the studying program of the students who have already been chosen by this program.
